

Worksheet 1:
Evaluate the Value (Pros) and Challenges (Cons)
of Professional CGM Program

| PROS | CONS |
|------|------|
| | |
| | |
| | |
| | |
| | |
| | |

Some examples of pros:

Improve self-care outcomes, improve diabetes metrics, create a revenue stream.

Some examples of cons:

Increased workload to staff, pushback from providers, need for dedicated space for the program, etc.
