2027 Diabetes Technology Conference Scholarship Application - January 29-30, 2027 - Lowes Chicago O'Hare Hotel

Application Instructions

WHAT IS THE ADCES DIABETES TECHNOLOGY CONFERENCE

A live two-day educational, training and networking opportunity that will go beyond continuous glucose management (CGM) devices. We will explore insulin pumps, AID systems, novel insulin delivery devices, diabetes metrics, pattern management and discover what's next in the future of diabetes technology. Experts from the field and industry partners will be available to answer questions on the use of these devices and how they improve outcomes for people with diabetes. There will also be opportunity to wear a CGM device. Participants can expect to walk away with:

- Hands-on device trainings - touch, feel and even wear the latest diabetes technology.
- Data interpretation - beyond the metrics: identifying patterns and individualizing care.
- Technology burnout - recognizing and mitigating/decreasing diabetes distress.
- Billing for services - learn what's covered and get reimbursed in your practice.

SCHOLARSHIP AWARD
$500 to assist in covering the cost of the registration fee and/or travel to ADCES's 2027 Diabetes Technology Conference being held on January 29-30, 2027, at the Lowes Chicago O'Hare Hotel.
